

Certificate

John Doe

has participated in the NBIS workshop **Advanced analysis of data**
held in **Uppsala** from **18 Mar - 23 Mar, 2024**.

The workshop consisted of 40 hours of lectures and computer exercises. This included the following topics:

- Introduction to data & data analysis
- Datatypes and data structures
- Literate programming using data
- Loops, conditional statements, functions and variable scope
- Importing and exporting data
- Visualization of data
- Introduction to tidy data
- Overview of package anatomy

Course Leader | **John Doe, PhD**
Associate Professor in Bioinformatics
NBIS | Uppsala University

This is a certificate of participation. Participants are not evaluated.

National Bioinformatics Infrastructure Sweden (NBIS) is a distributed national research infrastructure supported by the Swedish Research Council, Science for Life Laboratory, Knut and Alice Wallenberg Foundation and all major Swedish universities in providing state-of-the-art bioinformatics to the Swedish life science research community.
